

**INTENSIVE Masters of Invisible Orthodontics  
For Specialist Orthodontists**

To book the course, email: [uk@eumaa.com](mailto:uk@eumaa.com) T: 07879 443 720

*The European Masters of Aligners is recognised by Align Technology  
and includes an official certification to treat patients with the Invisalign system*

**The course pays for itself:**

2 Invisalign case starts cover the entire cost of the EUMAA Programme

The average number of case starts achieved by EUMAA candidates is 15 in  
the first year

**This is an intensive version of the classic European Masters of Aligners which runs over 3 consecutive days and 1 Study Club day for Orthodontists who prefer working at a fast pace.**

The Programme is led by Specialist Orthodontist Dr Raman Aulakh, an Invisalign Platinum Elite Provider, who has extensive experience training Orthodontic Specialists and GDPs in this clear aligner technique.

It still offers a **blend of theory and hands-on sessions.**

Orthodontists will be able to **access an online educational platform, dedicated mentoring** to address questions regarding clinical cases and ClinCheck treatment plans.

The intensive support also includes exclusive Study Clubs which are specifically dedicated to assistants and/or hygienists.

Orthodontists will also benefit **from negotiated rates with companies in the dental industry**, for products and services ranging from equipment to consumable items which make treating with Invisalign as effective as possible.

#### Receive:

- A flat 20% Invisalign discount for a 12-month period
- This is applicable to all Invisalign training courses

# INTENSIVE Masters of Invisible Orthodontics

Invisalign Masters Course

## INTENSIVE Masters of Invisible Orthodontics

The Masters of Aligners course was well structured, useful and very relevant. Dr Raman was a true professional with a wealth of knowledge to impart; theoretical and practical. It has been a pleasure working with him and I can honestly say I completed the course with great knowledge about the Invisalign system. The course was well worth the investment and time. If you want to deepen your knowledge about Invisalign or are a beginner the course is perfect for you.

*Romana Czernko*

Full of relevant information and excellent clinical tips. Raman has been happy to adjust the course content to suit the participants which is excellent. The recent ClinCheck sessions have been excellent. I feel that the in-depth training in ClinCheck for me has been invaluable and I am looking forward to the next meeting. Invisalign is a simple system for the patient which requires a high level of knowledge of the complex treatment options from the Specialist provider to achieve the high quality result for the patient. Raman's ability to transmit this knowledge along with guest speakers has achieved the course aims. *Cathie Barrs*

Excellent course reinforcing the principles of Orthodontic mechanics and its detailed application in the Invisalign treatment system. *Martin van Rensburg*

"A fabulous & entertaining course brilliantly led by Raman Aulakh. He puts enjoyment back into learning. The course was full of encouragement. Wondering why I didn't do it sooner!" *Michael Linehan*
